

SINGAPORE NDT
CERTIFICATION

SINGAPORE NDT

NON-DESTRUCTIVE TESTING SOCIETY (SINGAPORE)

SGNDT Number:

This is to certify that

has met the established and published Requirements of NDTSS in accordance with ISO 9712:2021
and certified in the following Non-destructive Testing Methods

Signature of Certified Individual _____

Method	Cert No	Sector	Level	Scope	Issue Date	Expiry Date
--------	---------	--------	-------	-------	------------	-------------

**CHAIRMAN / VICE CHAIRMAN
CERTIFICATION COMMITTEE**

**AUTHORIZED SIGNATORY
NDTSS**

CERTIFICATION

Abbreviation for Certification Sector

Abbreviation for Scope / Technique

Industry Sector	Details
s	Pre- & In-service Inspection which includes Manufacturing
a	Aerospace
r	Railway Maintenance
m	manufacturing
ci, me, el	civil, mechanical, electrical (TT)
Product Sector	Details
w	welds
c	castings
wp	Wrought products (except forgings)
t	tubes and pipes
f	forgings
frp	Reinforced plastics

Scope	Details
F / P / L / ML	Fixed Equipment / Portable Equipment / Line System / Magnetic Flux Leakage Technique (Applicable for MT & /or PT)
X / G / DR / CR	X-ray / Gamma-ray / Digital Radiography / Computed Radiography (Applicable for RT)
PL / P / T / N / NZ PAUT / TOFD / AUT	Plate / Pipe / T-Joint / Node / Nozzle weld (UT on Welds), Phased Array, Time of Flight, Auto UT
S / W / Fe / Nfe / FP	Seamless, Welded, Ferrous, Non-Ferrous, Flat plate (Applicable for tubes and pipes sector for ET or other relevant methods)
Fe / Nfe Li / De	Ferrous, Non-Ferrous (Applicable for all methods) Light or Dense (Applicable for RI or DRI)
Tu	Tubes (Applicable for ET)
D / R	Direct / Remote (Applicable for VT)
V / FL	Visible / Fluorescent (Applicable for PT & MT)
TT / LM	Thickness Testing / Lamination (Limited Certification for UT)
Pa / Ac	Passive, Active (Applicable for Thermal Infrared Testing)

Notes:

- 1) Candidate appearing in Industrial Sector “s” will be given 3 specimens with a mixture of welding and casting or forging or wrought products chosen by the examiner in accordance with ISO 9712:2021.
- 2) For Ultrasonic Testing, scope (PL, P,T,N,NZ) is defined for product sector welds only.
- 3) The use of the SAC accreditation mark indicates accreditation in respect of those activities covered by the accreditation certificate number PC-2017-03. This Certificate is the property of NDTSS & is not valid without the official seal of SGNDT, NDTSS is accredited by SAC in accordance with ISO/IEC 17024:2012. This certificate is issued based on published requirement of NDTSS, NDTSS/SGNDT OM-001 meeting ISO 9712:2021 and employer shall authorize the certificate holder.
